Continuation of STEEL's new and useful Nautical Publications.

The following Work having been honoured with the Approbation of the Board of Admiralty, the Publisher respectfully requests the Officers of the British Navy (particularly First Lieutenants) to favour it with their Attention, as a singularly useful Publication.

XIV. The PERPETUAL BIRTHING and WATCH BILL BOOK. By which the most tedious Part of birthing a Ship Company may be performed as well before she is manned as after, and Officers be materially assisted in fulfilling a very troublesome Part of their Duty: With an engraved Plan of the between-decks of a 74 Gun-Ship, divided into sleeping and messing Places; an Attention to which, when Ships are Battening, in Dock, will save much Trouble, Expence, and Materials, will have less Dirt, and that Part will be immediately fit for Use, when afloat, which it is not by the present Method. By D. ROSS, Master in the Royal Navy. Price 1l. 1s. 6d.

This Work is bound up as a Pocket-Book, and completely furnished with moveable Vellums for the Men's Names,

XV. The ART of SAIL-MAKING, as practised in the Royal-Navy, and according to the most approved Method in Merchant-Service. Illustrated by numerous Figures, with full and accurate Tables. In 1 Vol. 8vo. Price 9s. in Boards.

XVI. SEAMANSHIP, in THEORY and PRACTICE. Illustrated with Engravings. In the theoretic Parts of Work, the Laws of Motion in Fluids, with Regard to Ships; the Centres of Gravity and Rotation; the Effect of the Wind, in various Degrees of Trimming; and the Action of the Rudder; are particularly and scientifically treated of.

The second Part, which carries Theory into Practice, commences with a Ship at RIVER-MOORINGS, when first she anchors, and proceeds with giving ample Directions for her future Guidance with Respect to BALLASTING, LADENING, MOORING, WEIGHING ANCHOR, GETTING UNDER-SAIL, TACKLING, VEERING, LYING, SOUNDING, DRIVING, SCUDDING, CHASING, BOARDING, &c. &c. In 1 Vol. 8vo. Price 7s. 6d. in Boards.

XVII. The ART of RIGGING, with neat Engravings, containing ample Directions for performing the most important Operations in the PROGRESSIVE METHOD of RIGGING all Ships and Vessels, with full and correct Tables of the Dimensions and Quantities of every Particular for the same. In 1 Vol. 8vo. Price 10s. 6d. in Boards.

XVIII. The ART of Making MASTS, YARDS, GAFFS, BOOMS, BLOCKS, and OARS, as practised in the Royal Navy, and according to the most approved Method in the Merchant-Service. Price 1l. 5s. in Boards. — Were Ship-Carpenters well aware of the great Assistance and Advantage to be derived from this Work, it is presumed no one would go to Sea without it.
